Report of Principal and School Improvement Council

Fort Dorchester High School is a large comprehensive high school located in North Charleston, SC. One of our biggest changes this school year was the opening of an addition to the building of over 18,000 square feet. The addition provided students additional seating and serving areas in the cafeteria and 8 new classrooms, including a fully functional Black Box Theater and a dance room.

We continued our focus on the 10 Key Practices of High Schools That Work, while also developing our existing career academies such as our Culinary Arts Academy. The freshman academy proved successful in giving 9th grade students the academic and behavioral supports necessary for a successful start to high school. We saw a 50% reduction in disciplinary incidents and a 25% reduction in course failures for 9th graders.

Students earned many accolades this school year. Our Hockey, Robotics and FBLA teams all earned spots in their respective national competitions. We had many teams win state and regional titles. Students gave back to the community by donating blood to the American Red Cross, raising money for the USO, the Make a Wish Foundation, and the Trident United Way. The students also helped build a house for Habitat for Humanity. We continued this school year with a focus on increasing our overall 4-year graduation rate. One exciting and successful program that grew this year was the FDHS Evening School Program. Students completed 87 courses through evening school and 7 students graduated. The Higher Learning Academy, a grant-funded program, reached out to students who were at risk for failure. This innovative program brought students together to improve study skills and interviewing skills, and it helped tutor 487 students from January through May of 2012.

The 18th graduating class of Fort Dorchester High School included 445 students. Of the graduates, 43 earned the International Baccalaureate Diploma, more than any other graduating class. We had 23 Palmetto Fellows, 154 Life Scholarship Recipients, 9 South Carolina Academic Achievement Honors awardees, 7 Distinguished Honor Graduates and 34 Honor Graduates.

The faculty and staff of Fort Dorchester High School are prepared for the next level of academic excellence, and are looking forward to implementation of several initiatives that will help us to "prepare all students to reach their maximum potential in our rapidly changing and increasingly complex world." We will be refining our program of Response to Intervention and Differentiated Instruction. We are very excited about the coming implementation of Common Core State Standards as well.

In the year to come, our students will continue to excel in academics, athletics, and in giving back to the community. The faculty and staff will continue to demand excellence of each other and of the students who attend "The Fort."

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
